Sustainability is part of our company's DNA

CLIMATE

Achieve **ZERO net emissions** by 2040.

Improving production efficiency

New PET ErgoBloc line in Dietlikon and modernisation of the high-pressure compressed air system in Vals.

Environmental management system certified to **ISO 14001:2015** and **ISO 14064-1:2018** for the quantification and reporting of our company's CO₂ footprint.

100% electricity from renewable sources.

100% electrification of our company car fleet.

Swiss Climate's "**Gold Certificate**" for **VALSER** and "**Bronze Certificate**" for Dietlikon.

*2024-2026

Sustainable transport: together with Camion Transport we have launched a programme to introduce 33 electric lorries by 2030. 10 are already in service.

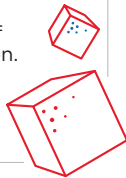

NUTRITION

Calorie-free and **low-calorie drinks** now account for **58%** of our sales volume.

Successful sugar reduction as part of the Milan Declaration.

No direct marketing to children.

We are committed to the **Swiss Pledge Charter**.

PROCUREMENT

Sustainability accounts for 15% of our supplier review process. Additional assessments carried out by **EcoVadis** (a leading global provider of sustainability ratings) **support our decisions on sustainable procurement.**

EMPLOYEES & COMMUNITY

Product donations in 2025

We donated 160,755 litres of drinks to NGO "Tischlein deck dich" to provide food aid to vulnerable individuals and families.

Volunteering

Our employees support local communities by volunteering for initiatives such as the Clean-Up Day, the Swiss Red Cross "2 x Christmas" campaign and Special Olympics Switzerland.

WATER

Water efficiency management system certified to **ISO 46001:2019** and environmental management system certified to **ISO 14001:2015.**

PACKAGING

Founder and member of the board

Lighter packaging

We save 17.8 tonnes of PET material each year by using lighter bottles for 2 bottle sizes, without compromising on packaging quality.

We use **100% recycled PET (rPET)**, except for caps and labels.
